SECRET

No.9192

Intelligence Bureau, H.D.

Dated New Delhi, the 23rd December, 1927

Dear Major Evans-Gordon,

I shall be much obliged for any available particulars regarding a T.G. Mathew who contributed an article, dated Mysore the 22nd of November 1927, to the "People" newspaper of Lahore, of the 8th of December 1927, on the subject of "Miss Smedley's articles".

INSTITUTE FOR LEPERS IN MYSORE

Govt Approve New Scheme

BANGALORE: The Govt of Mysore have sanctioned the proposal made by the Senior Surgeon for the establishment of an up-to-date and fully equipped Central Institute for Lepers, six miles from Bangalore City, on the Magadi Road, at an estimated capital cost of Rs. 1,80,750 and an annual recurring cost of Rs. 70,145.

The facilities now available for treatment of cases of leprosy in the State were found neither adequate nor up-to-date.

A site of about 72 acres will be acquired for the proposed Central Institute and new buildings constructed. A feature of the new Institute will be that able-bodied inmates of the Institute will be given work in the gardens, in cottage industries, in work as ward boys, nurses and cooks so as to reduce maintenance charges and also keep them active and interested instead of merely brooding over their condition. It is possible that in course of time the Institute will become self-supporting. Accommodation is to be provided for 200 patients and a Surgeon specially trained in leprosy work will be posted as Medical Officer of the institution.
